

The Deaf Unit Cairo

A ministry of the Diocese of Egypt with North Africa and the Horn of Africa

We would like to share with you some of our news [2019](#)

Last month, the Deaf Unit was honored to welcome the Japanese Ambassador, His Excellency Masaki Noke, in the presence of Bishop Mouner Anis; Bishop of the Episcopal/ Anglican Diocese of Egypt with North Africa and the Horn of Africa. The Ambassador visited the classrooms and the boarding building. He also stopped by the Audiology Clinic, which was donated by the Japanese Embassy. His Excellency was very kind to the children; talking and taking photos with them. At the end of his Excellency's visit, his Excellency Masaki Noke gave a speech to all the staff of the Deaf Unit and encouraged them to continue their hard work. We Trust that the Ambassador's visit was an encouragement to our students as much as it was for us.

We are so grateful for the first aid course, which was very useful for all the staff. Through this course the staff learned how to apply splints, administer artificial respiration, and treat fainting, shocks, stings and burns etc. We believe that the First Aid does not just promote faster recovery; it helps save lives.

The Deaf Unit is always thinking out of the box to find creative ways to help the children grow and develop. When the children feel bored from the usual school day they, need to do something different!. As we know that the " messy play " like finger painting is important to every child's development.

This Year the Deaf Unit is very lucky to have the following members join our team: Patricia Mcparland, Sharon McGarrity and Amr Abdel Nabi as a volunteer. They are such a blessing from heaven. They come every Sunday to play with the children and teach them some basic English.

We wholeheartedly appreciate everything they've done for the Deaf Unit. We would like to express our deepest gratitude for helping us fulfill some of the children's dreams such as go to Kidzania!, In less than one week, they contacted Kidzania staff to arrange a day for all the children and said that They will pay all the costs and offered to also arrange all the transportation. The real surprise came when Kidzania said it would provide us a full day for free.

Words cannot describe how grateful we are. We just hope they continue to be so hardworking and helpful to many needy people. God bless them more each day!

The visit was a dream come true, and we really grateful to God, Patricia, Sharon, Amr and Kidzania staff. Thank you to the lovely staff of Kidzania who gave our kids the best time in our visit. All the children just loved the Kidzania experience! It was fun-time and an educational time as well! Children had to learn to be independent and make decisions, without parents' interference.

All the children will remember this day and your contribution forever

This year we thank our God for blessing us by sending Maija who taught the children some Drama activities, which were so fun and interactive. The children made a beautiful play about Christmas; which talked about the Christmas tree and all its decorations. All the children experienced that speaking is not the only way to express your emotions; by your face you can tell everybody what you feel. Our children liked her very much and they all want her to come back soon.

Mother's Day Party; This was an amazing day for our children and they had lots of fun! The day was sponsored by HanZatone Company. There was a great program include a magic shows which was incredible and captured the attention of all the children. Also there were the puppets moving around and putting smiles on the children's faces. It was such lovely day for all of us.

Some of our team travelled to Lebanon for an exchange experience project with the Learning Center for the Deaf ("LCD") and also to attend training about supporting children who are deaf and their families in achieving their communication potential. The group was really grateful to Nadine and Hussein (LCD directors) for welcoming them warmly into their school and making them feel at home. They also enjoyed the beautiful scenery in Lebanon and visited some historical sites after the training. It was really a priceless training and visiting.

The Bible says that the Lord loves a cheerful giver

We thank Yasmine Khamis and Yolla El sayed for their prompt response, donating 60 blankets to our children. We also thank Sara Khalil for donating 13 fans for the boarding building. We couldn't continue to do this without all of our supporters. So please, if you are able to, donate food such as chicken, eggs and milk, or educational materials, we would greatly appreciate it.
